

Schwab, Twitty & Hanser designed a new engineering and computer science classroom building to be on FAU's Boca Raton campus.

■ Schwab, Twitty & Hanser Architectural Group designed the new engineering and computer science classroom building to be on Florida Atlantic University's Boca Raton campus. FAU is aiming to be the first university in Florida with a LEED platinum-certified building. The 80,000-

square-foot building will consolidate computer science and engineering classes that are currently held in various FAU facilities.
