

New Logos Unveiled (see page 5 for more information)

University Seal
The official identifying mark.
For limited, President's
Office-approved use only.
Example: diplomas.

University Mark
For administrative and academic use.
Examples: signs, websites, advertising,
letterhead, business cards, forms,
brochures, other publications.

Athletic Mark
For athletic department use.
Examples: media guides,
uniforms, athletics website;
also on caps, t-shirts, etc.

2005 Legislative Session Set to Open

More than \$31 Million on FAU's 'Wish List' of Funding Priorities

As FAU continues to build academic programs and pursue ambitious projects, the University will seek more than \$31 million from the Florida Legislature for targeted priorities. The 2005 legislative session begins March 8.

"FAU is advancing very rapidly on many fronts, and it is vitally important that we maintain our momentum," says President Brogan. "Every dollar of our request will serve that purpose, either by directly funding needed programs and services or by expanding the University's resources."

The Wish List

FAU's "wish list" follows the strategic priorities of the Board of Governors, the 17-member body that oversees management of the state's public university system. FAU's Board of Trustees has adopted the same priorities.

Strategic Priority I: Access to and Production of Degrees

FAU is requesting \$2.5 million to offer competitive levels of financial assistance to top-quality undergraduates and minority students who qualify for merit- and need-based aid.

Strategic Priority II: Meeting Statewide Professional and Workforce Needs

To address the critical need for teachers, healthcare professionals, engineers and technology experts, FAU is requesting a total of \$5 million.

For teachers, the additional funding will be used to establish teacher education partnerships with Broward, Palm Beach and Indian River community colleges. For healthcare professionals, it will allow the Christine E. Lynn College of Nursing to hire additional faculty to support increased enrollment and meet the required faculty/student supervision ratio of no more than 10 to 1 in clinical settings, establish scholarship support for master's and doctoral degree students, and create an Institute for Professional Nursing Development resource center.

To tackle the critical shortage of engineers, the

College of Engineering and Computer Science will invest in systems needed to maintain its leadership position in research and training, support traditional high-demand fields such as civil engineering and newly evolving disciplines such as nanotechnology, and add graduate course offerings.

Additionally, FAU is requesting \$2 million to further the innovative partnership with the University of Miami School of Medicine by expanding student enrollment, hiring additional faculty and staff and beginning the expansion of the medical program to include years three and four of training at FAU.

Strategic Priority III: Building World-Class Academic Programs and Research Capacity

FAU is seeking:

- \$3.5 million to recruit and retain the high-performing faculty and staff needed to build and maintain quality programs,
- \$1.5 million to increase the graduate student stipends required to recruit and retain high-performing students,
- \$3 million to enhance library collections and services,
- \$3.725 million for the Imaging Technology Center, a world-class center of excellence, and

Legislative Days

FAU will be in the spotlight for two days during the 2005 session of the Legislature.

TUE., MARCH 8

Includes an FAU display all day on the 3rd floor of the Capitol and an FAU reception in the evening.

Florida Capitol Complex in Tallahassee

WED., MARCH 9

Includes a breakfast meeting for the FAU team, appointments with legislators and the President's luncheon.

Announcing the
Arrival of
Colby John Brogan
on
Wednesday,
February 9, 2005
Congratulations to
President and
Mrs. Brogan.

FAU/Scripps Research Facility to Open with Ribbon-Cutting

On Friday, March 11, at 11:45 a.m., government leaders and dignitaries from Scripps will join President Brogan to cut the ribbon at FAU's \$12 million state-of-the-art research building at the John D. MacArthur Campus in Jupiter.

The two-story, 40,000-square foot building houses large, open-area research labs as well as offices and a conference room. It is the current home of scientists and staff from the Scripps Research Institute who will move to their permanent facilities once they are available.

The joint-use building allows FAU faculty and students to work side by side with Scripps scientists in a relationship that supports FAU's development as a cutting-edge research center.

The building was paid for by Palm Beach County. FAU will reimburse the county \$10 million over the next five years.

FAU to Host African American Heritage Conference

The Fifth Biennial Florida African American Heritage Preservation Conference will take place April 20-23 at the Sheraton Hotel in Fort Lauderdale. The University's Center for Urban Redevelopment & Education and Center for the Conservation of Architectural & Cultural Heritage, both housed in the College of Architecture, Urban & Public

Meet the Board of Trustees

Florida Atlantic University is governed by a 13-member Board of Trustees, six of whom are appointed by the governor and five by the Board of Governors, plus the student body president and the chairperson of the University Faculty Council. In the last *Update*, we profiled Chairwoman Sherry Plymale and Vice Chair Norman Tripp. Over the next few issues, we will introduce you to other members of the Board of Trustees, including four new members recently appointed by Governor Bush: David Feder, Boca Raton; Armand Grossman, Boca Raton; Dr. Rajendra P. Gupta, Fort Lauderdale; and Lalita M. Janke, Vero Beach.

This month: Scott Adams and Nancy Blosser

Scott Adams, of Boca Raton, is co-founder and managing partner of Cenetec, LLC, an early-stage venture capital and incubator firm specializing in tech companies. In the mid-90s, he founded Hiway Technologies, Inc., and grew the company into the leading firm in the web hosting industry. Among many accolades, he was named the Greater Boca Raton Chamber of Commerce's 1997 Small Business Person of the Year and in 2002 the *South Florida Sun Sentinel's* Palm Beach County Business Leader of the Year. Adams earned his bachelor's degree from FAU in 1987. He and his wife, Shelagh, a 1988 graduate of FAU, are major contributors to community programs including the George Snow Scholarship Fund. He is a member of the board of directors of the FAU Foundation, a founding member of the FAU football program and a recipient of the FAU Alumni Hall of Fame Award. He also launched FAU's Adams' Center for Entrepreneurship and Venture Capital.

Trustee Scott Adams

Nancy Blosser, of Fort Lauderdale, is a registered nurse. She is currently a member of the Christine E. Lynn College of Nursing Advisory Board. Previously, in her role as director of recruitment for the North Broward Hospital District, she developed a nursing scholarship program in collaboration with the administration and faculty of Broward Community College. She received her R.N. diploma from the Muhlenberg Hospital School of Nursing in New Jersey and her master's degree in business administration from the University of Miami. She is active in many charitable and community organizations.

Trustee Nancy Blosser

Affairs, are hosting the event. The keynote speaker will be James C. Early, director of cultural heritage policy at the Smithsonian Institution Center for Folk-Life and Cultural Heritage in Washington, D.C. A broad array of preservation issues will be covered, including workshops on "Funding Preservation and

Conservation Projects," "Folklife Oral Histories," "Heritage Tourism," "Infusing African American History into the Curriculum," and more.

Conference registration is \$110; (\$125 after March 20 and \$150 onsite). For more information, call (954) 229-4104 or (850) 681-7881.

FAU Gives

Faculty, staff and students offer assistance to the community in a number of ways throughout the year. Here are a few recent highlights:

- A toy drive in December by the **FAU Davie Broward Cultural Union**, with the help of Student Body Governor for the Broward Campuses Sameko Munroe and faculty advisor Rupert Rhodd, benefited the Jack & Jill Children's Center.
- **School of Social Work students** (at right) in Professor Debra Lacey's *Human Behavior and the Social Environment* class collected and donated items—including water, toys, clothing and personal hygiene items—for hurricane victims in Haiti. Master's degree students in social work also received recognition from the State Association of Social Workers for devoting the most volunteer hours to the 2004 elections through their multi-campus voter registration drive.
- The final tally for **hurricane relief** efforts came in at \$37,218 plus food and clothing. The tally included \$375 in Public gift cards donated by American Student Assistance and Wachovia; \$30,000 from a Scholarship America grant obtained by Financial Aid to provide tuition assistance to FAU students who are hurricane disaster victims; and \$6,843 in donations from employees, students and community members.

- The **Theatre Department** donated \$4,000 in proceeds from the staging of "Picnic." Canned food collected before the performances was donated to Food for the Poor for shipment to Haiti. FAU's Haitian relief effort was coordinated by Gina Johnson-Fourreau, biological sciences.
- For the Susan G. Komen Breast Cancer Foundation's **Race for the Cure** (at right), 162 FAU team members—who took the award for the largest school team for the fourth year in a row—raised almost \$5,000 for breast cancer research, screening and treatment. Last fall's **American Heart Walk** on the Boca Raton campus raised \$14,500. And the holiday staff and faculty open houses at the Baldwin House in December collected 910 pounds of food, which was distributed to families in Belle Glade.
- Many donations from members of the FAU community to **tsunami relief** agencies—including campus and local fundraising efforts by the Thai Student Association—have been made. Assistance is still needed. Go to www.usafreedomcorps.gov.
- **Stefanie Gapinski**, public events coordinator for the Dorothy F. Schmidt College of Arts and Letters, founded a non-profit organization that recently raised more than \$4,200 in cash and in-kind contributions for disadvantaged children in the Belle Glade area.

Send a note about your charitable efforts to update@fau.edu.

United Way Campaign Extended

This year's United Way campaign deadline has been extended until March 25. For information, contact Agnes Santore at ext. 7-3988.

Study Abroad Grants Awarded

The Office of International Programs (OIP) has awarded \$600 grants to six FAU students. The students, Carolina Jackovitz (Portugal), Cecile Salas (Italy), Rafi Menachem (Semester at Sea), Cory Johnson (Germany) and Anna Linder (Costa Rica), are studying abroad this semester. The OIP awarded 11 grants last year and will award 15 for study this summer. More information can be found at www.fau.edu/goabroad/programs.htm.

President's Leadership Award Nominations Due March 11

The President's Leadership Award Program recognizes FAU employees who have rendered services of an extraordinary nature to the University and/or community.

Nominations must be submitted no later than Friday, March 11. Four awards will be presented in the following categories: USPS employee, A&P employee, faculty or librarian, and academic administrator.

Details and the nomination form can be found at <http://www.fau.edu/admin/fiscal/personnel/PresidentAward.html>

New Employees, New Roles

Tom Barlow has been named director of governmental relations. He formerly served as senior manager of southern law and public policy at MCI. Barlow is the University's liaison to elected representatives, government agencies and other organizations. He is responsible for monitoring pending and proposed legislation, policy analysis and promoting the interests of FAU with the state legislature, members of the governor's cabinet, the Department of Education, congressional members and their staffs and the Florida Board of Governors. Barlow holds a master's degree in environmental engineering

from Vanderbilt University in Nashville, Tennessee.

Brenda Coto is the new director of development for the College of Engineering and Computer Science. She will be responsible for all fund-raising activities within the College. Coto has 20 years' experience in private industry, previously serving as a project management analyst for AutoNation, Inc. and as information technology director at Cisneros Television Group. She holds a bachelor's degree in computer information systems from Madonna University in Livonia, Michigan, and is presently pursuing a master degree at FAU.

Robert J. Daniels has been named deputy police chief. Daniels recently retired from the City of Boca Raton Police Services Department after more than 26 years of service. He was promoted to the rank of sergeant in 1983, lieutenant in 1996, captain in 1999 and assistant chief of police in 2000. He earned a bachelor's degree in business administration and holds a master's degree in public administration from FAU.

A Safe FAU

The synthesis of drugs from the sea, Everglades restoration and tropical seagrass studies are among the plethora of research projects that require FAU scientists to SCUBA dive or operate boats. The Diving and Boating Safety Committee craft the policies and procedures that ensure the safety of FAU personnel on and in the water.

It's then up to the University's Department of Environmental Health & Safety (EH&S) to make sure procedures are followed. As a matter of fact, the EH&S has the overall responsibility of ensuring a safe and healthy environment for all students, faculty, staff and visitors throughout the University community. EH&S also handles compliance with all federal, state and local regulatory agencies regarding matters of health, safety and the environment. Go to www.fau.edu/ehs or ext. 7-3129 for more information.

BRIEFES

Dr. William B. Stronge, economics, and **Dr. Lenore Alpert**, assistant director, Catanese Center for Urban and Environmental Solutions (CUES), presented a paper on "The Economic Impact of Beach Tourism: The Florida Case" at the 2005 National Conference on Beach Preservation Technology in Destin, FL. The research was conducted as part of a grant awarded to CUES by the Bureau of Beaches and Coastal Systems, Florida Department of Environmental Protection.

Barbara Bazinsky and **Jill Brondolo**, Office for Students with Disabilities, attended the 42nd annual International Conference of the Learning Disabilities Association of America, held in Reno, Nevada, through a special grant offered by the conference.

Dr. Alan L. Berger, Raddock Eminent Scholar of Holocaust Studies, Director of Holocaust and Judaic Studies B.A., Director, Center for the Study of Values and Violence after Auschwitz, took part in a report on National Public Radio's "Morning Edition" in which he was interviewed by Renee Montagne for a feature on children and grandchildren of Holocaust survivors.

Dr. Clifford T. Brown, anthropology, had a paper titled "Caves, Karst, and Settlement at Mayapán, Yucatán" published in *Maw of the Earth Monster: Mesoamerican Ritual Cave Use*, edited by James E. Brady and Keith M. Prufer (University of Texas Press).

Dr. Rachel Corr, Wilkes Honors College, published an article titled "To Throw the Blessing: Poetics, Prayer, and Performance in the Andes" in the Fall 2004 issue of the *Journal of Latin American Anthropology*.

Dr. Isaac Elishakoff, J.M. Rubin Distinguished Professor, mechanical engineering, has had an article, "Apparently the First Closed Form Solutions of Semi-Inverse Buckling Problems Involving Distributed and Concentrated Loads," published in the international journal *Thin Walled Structures*. The work was co-authored with **Dr. Giulia Catellani** of the University of Modena and Emilia Region, Italy, who served as a visiting scholar in FAU's mechanical engineering department under the auspices of the Italian Ministry of Higher Education.

Dr. Stuart Galup, business, and his co-authors, Drs. Ronald Dattero and Richard Hicks, had their book chapter "Client/Server and the Knowledge Directory" published in the *Encyclopedia of Information Science and Technology*.

Dr. Mary Ann Gosser-Esquilin, Wilkes Honors College, presented a paper titled "Monstruos, animales y bestias: una ménagerie caribeña" at the 6th International Conference on Caribbean Literature in St. Croix, Virgin Islands.

Dr. Terje Hoim, Wilkes Honors College, presented a paper titled "Analogues between C(X,E) and section spaces of Banach bundles" and chaired a session on "Spaces of Vector-Valued Functions" at the AMS/MAA Joint Mathematics Meeting in Atlanta.

Dr. Albert C. Jurenas, educational leadership, and Donna Jurenas, Indian River Community College, gave a presentation titled "Twenty-five Simple Rules for Teaching an Online College Course" at the 2005 Florida Educational Technology Conference in Orlando.

Dr. Huigang Liang, business, has co-written two papers, "Predicting discontinuation of treatment among patients with multiple sclerosis: an application of the Transtheoretical Model of Change" in the *Journal of the American Pharmacists Association*, 44(4), 445-454 and "Why western vendors don't dominate China's ERP market" in *Communications of the ACM*, 47(7), 69-72.

Dr. Rakesh Mogul, Wilkes Honors College, co-authored an article titled "Tryptophan 500 and arginine 707 define product and substrate active site binding in soybean lipoxxygenase-1" published in *Biochemistry* 43, 13063-13071 (2004).

Dr. P. S. Neelakanta, electrical engineering, has had a paper titled "Fuzzy Attributes of a DNA Complex: Development of a Fuzzy Inference Engine for Codon-'junk' Codon Delineation" accepted for publication in a special issue of the journal *Artificial Intelligence in Medicine*. The co-authors are Dr. Dolores De Groff and Dr. Tomas Arredondo.

Dr. Emanuel Newsome, vice president, student affairs, co-presented "Vice President's Views of the Role of Judicial Affairs Officers" at the Association for Student Judicial Affairs annual conference in Clearwater Beach.

Dr. Mark Rupright, Wilkes Honors College, was selected to receive an FAU New Project Development award for his proposal "Perturbative Boundary Conditions for Wave Equations."

Dr. Eugene Smith, Wilkes Honors College, and students **Bryan Oyloe**, **Tito Sempertegui**, **Graham Whitaker** and **Nkaya Williams** presented their poster titled "Arson Analysis by Static Head Space Enrichment and Gas Chromatography using Simplex Optimization" at the Forensic Symposium in Fort Lauderdale.

Dr. Yevgeniy Vasilyev, Wilkes Honors College, published two papers, "Imagines in Beautiful Pairs" with Anand Pillay in the *Illinois Journal of Mathematics*, vol. 48, no. 3 (Fall 2004), 759-768 and "On the weak non-finite cover property and the n-tuples of simple structures" in the *Journal of Symbolic Logic*, vol.70 (2005), no.1, 235-251.

Dr. Miguel Ángel Vázquez, Wilkes Honors College, presented a paper titled "Alejo de Venegas's Agonía del tránsito de la muerte: A Morisco Treatise in the Art of Dying?" at the Interrogating Iberian Frontiers Conference at Cornell University.

Dr. Robert P. Watson, political science, has had two articles published, "Rating Cabinets and Cabinet Secretaries" in the *Presidency Research Group Report* and "Martha Wayles Skelton Jefferson: The Unknown First Lady" in the *Journal of the Jefferson Legacy Foundation*.

Dr. David Cratis Williams, communication studies, presented an invited talk titled "Reflections: Kenneth Burke's Life and Work" at the Communication Faculty Colloquium at Florida State University.

He also presented a paper in San Juan titled "Ambiguities of Identity: Puerto Rico, Vieques, and the U.S. War on Terror" at the annual meeting of the Speech Communication Association of Puerto Rico.

FAU JUPITER

John D. MacArthur Campus

"Go Red for Women" Campaign

On Valentine's Day, members of the faculty and staff at

FAU in Jupiter "dressed down" and wore red to bring attention to heart health in women. Heart disease is the number one killer of women in the United States. Participants contributed \$5 or more to the American Heart Association for the privilege of wearing denim. They were encouraged to wear red and received "red dress" pins and stickers to remind others to "Learn and Live."

"We want everyone in our campus family to live longer, stronger, healthier lives," said Dr. Kristen Murtaugh, campus vice president. "By bringing attention to this important issue, we can help women safeguard their heart health."

FAU BROWARD

Dania Beach, Davie and Fort Lauderdale Campuses

Student Wellness Center a Unique Partnership

Students helping students is an important part of the Student Wellness Center's approach to health. Located on the Davie campus and staffed by FAU undergraduates, graduates and interns in the University's Exercise Science and Health program, the center offers fitness evaluations, cardiovascular and weight training, recreational services, locker rooms and a number of additional services. The center is free for students, with low-cost memberships for faculty, staff, alumni and other community members. The center is headed by Melissa Holt who holds a master's degree in exercise science and health promotion from FAU.

For more information, call (954) 236-1018 or visit www.fau.edu/student/broward/wellness.htm.

FAU TREASURE COAST

Port St. Lucie Arch Unveiled

The "Port St. Lucie Arch" was unveiled at the Treasure Coast campus as part of a recent reception honoring FAU's 40th anniversary. Part of Florida's Art-in-State-Buildings program, the arch was produced by sculptor Kenneth M. Thompson, who holds a master's degree in sculpture from the University of Toledo and a bachelor's degree in painting from Siena Heights College in Michigan.

"We are very pleased to have the 'Port St. Lucie Arch' added to FAU's Treasure Coast campus. We see this piece as the perfect finishing touch to our campus," said Vice President Gerri McPherson.

"The arch is located in the Ken Pruitt Courtyard, which is our primary location for special events and social gatherings, so many will be able to enjoy Mr. Thompson's artistic talent."

Marks Unveiled

FAU's new University marks were unveiled in a festival atmosphere on Monday, Feb. 28, in events held in the morning at the Boca Raton campus and later in the day at all partner campuses. After some 18 months of work and input from more than 4,000 people, FAU now has three distinct logos: the University seal, the University mark and the athletic mark. The design firm working with FAU is putting the finishing touches on a detailed identity guide outlining proper use and placement of the logos. The guide will be available later this spring. Until then, please contact the Publications Department

for assistance with printing and web projects. More information about the availability of letterhead, business cards and other items featuring the new marks can be found at www.fau.edu/branding.

Wish List'

Continued from Page 1

- \$1.45 million for the education and research marine science programs FAU offers in collaboration with Harbor Branch Oceanographic Institution.

- \$500,000 for the K-12 Developmental Research Charter School in St. Lucie County,

- \$600,000 for the Center for Autism and Related Disabilities, and

- \$180,000 for the Louis and Anne Green Memory and Wellness Center.

Strategic Priority IV: Meeting Community Needs and Fulfilling Unique Institutional Responsibilities

FAU is seeking:

- \$1.5 million to facilitate the University's effective management of responsibilities previously administered by the state,

Additionally, the University is requesting \$2.4 million in increased funding for utilities and emergency services and \$3.5 million for deferred maintenance services.

CALENDAR

of Events

ONGOING Photo Exhibition:

Cuban-Jews in South Florida: An Intimate View by Randi Sidman-Moore; through May 27; first floor west wing gallery of Wimberly Library, Boca Raton campus; free; ext. 7-2116 or www.fau.edu/library.

MARCH 3

Lecture: Distinguished Lecture Series on the American Presidency presents former Congressman Ken Hechler; Crown Movie Theatre, John D. McArthur campus; 9:45 a.m.; \$10; ext. 6-8547. **AND** Friedberg Lifelong Learning Auditorium, Boca Raton campus, 6:30 p.m.; \$10; ext. 7-6902.

Lecture: Frontiers in Science series "Necrophysiology: A Fishy Tale," Dr. David R. Jones; 4 p.m.; Charles E. Schmidt

Biomedical Science Center, Room 126, Boca Raton campus; free; ext. 7-2954.

MARCH 4

Lecture (for Women's History Month): "The Greatest Experiment Ever Performed on Women: Exploding the Estrogen Myth," with Barbara Seaman, renowned journalist and women's health advocate; noon; Administration Building, Room 305 (Board of Trustees Room), Boca Raton campus, free; ext. 7-0163.

Walk, Run, Swim, Bike... Help Raise Money

The Juvenile Diabetes Research Foundation Walk

The Juvenile Diabetes Research Foundation will hold its annual walk on Saturday, April 2, at Siemens Corporation (Yamato Road and Congress Ave) at 9 a.m. The FAU Team will be participating; team captains and walkers are needed. Call Maria Faber at ext. 7-2738 for more information.

The Wellness Triathlon

FAU's 14th annual Wellness Triathlon has begun registration. The race will take place Sunday, April 10, at 7 a.m. at Spanish River Park, 3001 Ocean Blvd., Boca Raton. It is authorized by Triathlon Federation USA and includes a 0.25-mile ocean swim, 10-mile bike course and a 3.1-mile run.

All revenue generated will be used to support wellness programming for FAU and the local community. There will be a post-race awards party following the race, which will include

refreshments, music, door prizes and awards.

Entry fee is \$45 if received by March 11. Other entry options are available.

To register, visit www.active.com or visit the Today & Beyond Wellness office on the Boca Raton campus (above the Breezeway cafeteria, room 222.)

WalkAmerica

Join the 2005 Boca Raton WalkAmerica Fundraiser on Saturday, April 16. The walk starts at 8:30 a.m. with registration starting at 7 a.m. near the Social Science building on the Boca Raton campus.

The event is the largest walking event in the nation and helps the March of Dimes improve the health of babies by preventing birth defects and infant mortality, through research, advocacy, community service and education.

Contact Linda Palmer at 7-2181 or lpalmer@fau.edu to receive a WalkAmerica sponsor form or to volunteer.

MARCH 4 TO 30

Exhibition: "Model Ships" features 14 magnificent model ships that represent key historical periods from 900 A.D. through the American Civil War Period and into WWII; FAU Wimberly Library Lobby; ext. 7-3762 or www.fau.edu/library.

MARCH 5

Softball: vs. UMass; 2 p.m.; and vs. Bethune-Cookman; 7 p.m.; 1-866-FAU-OWLS.

Workshop: "Changing Wheels," book artist Emily Martin, University of Iowa Center for the Book; 10 a.m. to 4 p.m.; Jaffe Atrium Book Arts Gallery, third floor east of the Wimberly Library; registration required at www.library.fau.edu/depts/spc/jaffehome.htm or ext. 7-0455.

MARCH 6

Concert: "Jewish Broadway with Orchestra and Chorus," Klezmer Company; 3 p.m.; Performing Arts Auditorium, Boca Raton campus; \$19-\$36; ext. 7-3737; www.fau.edu/student/univctr/arts.html.

Lecture: "The Holocaust and the Catholic Search for Forgiveness," with Dr. Donald Dietrich of the Dept. of Theology at Boston College; 4 p.m.; Performing Arts Building, Room 101, Boca Raton campus; free; ext. 7-2979.

Softball: vs. Florida International; 11 a.m.; 1-866-FAU-OWLS.

Women's Tennis: vs. Temple; 11 a.m.

Workshop: "Flexagons," book artist Emily Martin, University of Iowa Center for the Book; 10 a.m. to 4 p.m.; Jaffe Atrium Book Arts Gallery, third floor east of the Wimberly Library; registration required at www.library.fau.edu/depts/spc/jaffehome.htm or ext. 7-0455.

MARCH 7

Men's Tennis: vs. Mercer; 1 p.m.

Women's Tennis: vs. Mercer; 11 a.m.

MARCH 8

Lecture: "The Evidence of Trauma: David Boder and Writing the History of Holocaust Testimony," with Dr. Alan Rosen, Center for Advanced Holocaust Studies 2004-2005 Selson Fellow; 4 p.m.; University Center, Majestic Palm Room, Boca Raton campus; free; ext. 7-2979.

MARCH 9

Baseball: vs. Boston College; 7 p.m.; 1-866-FAU-OWLS.

Women's Tennis: vs. Boston University; 11 a.m.

MARCH 10

Women's Tennis: vs. Richmond; 11 a.m.

MARCH 11

Baseball: doubleheader vs. Gardner-Webb; 3 p.m./6 p.m.; 1-866-FAU-OWLS.

Ribbon-Cutting: FAU/Scripps Research Facility, (see article on page 2).

Women's Tennis: vs. Boston College; 11 a.m.

MARCH 12

Baseball: vs. Gardner-Webb; 1 p.m.; 1-866-FAU-OWLS.

MARCH 13

Men's Tennis: vs. Nova Southeastern; 11 a.m.

Women's Tennis: vs. Nova Southeastern; 11 a.m.

MARCH 14

Lecture (for Women's History Month): "Race and Gender: Roots and Routes in Rosario Ferre and Olga Nolla," with Dr. Mary Ann Gosser Esquelin, professor and chair, Harriet L. Wilkes Honors College; noon to 1 p.m.; Social Sciences Building, Room 105, Boca Raton campus; free; ext. 7-3203.

Lecture: "Not Free to Desist: The Founding of the American Jewish Committee, 1903-1919," with Dr. Marianne Sanua of FAU's Holocaust and Judaic Studies Program; 4 p.m.; Social Sciences Building, Room 100, Boca Raton campus; free; ext. 7-2979.

Women's Tennis: vs. Illinois-Chicago; 11 a.m.

MARCH 15

Baseball: vs. Rutgers; 7 p.m.; 1-866-FAU-OWLS.

Lecture (for Women's History Month): "Patients and Politics: The Women's Health Movement and U.S. Health Care," Dr. Robin Fiore; 4-5:30 p.m.; Majestic Palm Room, University Center, Boca Raton campus; free; ext. 7-3203.

Men's Tennis: vs. Colgate; 2 p.m.

Softball: doubleheader vs. Quinnipiac; 6 p.m./8 p.m.; 1-866-FAU-OWLS.

MARCH 16

Event: Jupiter Campus Annual Career and Graduate School Fair; 1 to 5 p.m.; Student Resources Atrium; John D. MacArthur campus; hburke@fau.edu or ext. 6-8671.

Men's Tennis: vs. Auburn-Montgomery; 3 p.m.

MARCH 17

Lecture: Frontiers in Science series, "The Science of Chaos and its Impacts on Surgical Planning," Dr. Heinz-Otto Peitgen; 4 p.m.; Charles E. Schmidt Biomedical Science Center, Room 126, Boca Raton campus; free; ext. 7-2954.

Women's Tennis: vs. Texas Tech; 11 a.m.

MARCH 18

PISA Conference: "Arts, Culture and Society: Memory, Community and Public Values"; Performing Arts Building, Room 101, Boca Raton campus; ext. 7-1195

Softball: vs. Texas A&M; 1 p.m.; and vs. Wisconsin; 7 p.m.; 1-866-FAU-OWLS.

Workshop: "Papyrus Making," Ohio book artist Val Van Sice; 10 a.m. to 4 p.m.; Jaffe Atrium Book Arts Gallery, third floor east of the Wimberly Library; registration required at www.library.fau.edu/depts/spc/jaffehome.htm or ext. 7-0455.

MARCH 19

Concert: FAU Chamber Soloists: Four Hands at One Piano; Liberal Arts Auditorium, Davie Campus; \$15 (FAU students, faculty, staff and alumni admitted free); ext. 7-2977.

Dance Marathon: "Dance a Night for Children's Lives," fundraiser for the Children's Miracle Network; 7 p.m. (March 19) through 11 a.m. (March 20); gym, Boca Raton campus; ext. 7-2084, www.fauvolunteer.org/dmarathon.

Men's Tennis: vs. Webber International; 2 p.m.

Softball: vs. Tulsa; 5 p.m.; vs. Michigan State; 7 p.m.; 1-866-FAU-OWLS.

Sports Clinics to Raise Funds

The "Fighting Owls – Saving Babies" Sports Clinic benefiting the March of Dimes will be held from 9 a.m. to 1 p.m. on Saturday, March 19, at the field house on the Boca Raton campus. Elementary, middle, and high school students are invited to participate. A \$20 donation will include

two sports clinics taught by FAU athletes and coaches, lunch and a free t-shirt to the first 500 registered participants. Save \$5 by registering before March 15. Sports clinics available are cheer/dance, soccer, football, basketball and volleyball.

For more information and to register, contact fauathletics@hotmail.com or call ext. 7-0409.

Sports Clinics: "Fighting Owls – Saving Babies" (See story on this page.)

Submissions for the April issue are due by March 18.

Please send submissions to update@fau.edu

To view issues of *Update* online, go to www.fau.edu/president/communications/internal/update.htm.

Iguana Invasion

The first iguanas starting showing up on the Boca Raton campus about six or seven years ago and can probably be traced to students in the dorms releasing their pets, says William M. Plate Jr., learning resources, who has taken an interest in watching and photographing them. "They've really thrived here," he adds.

This colorful iguana is sitting near the two ponds behind the Visual Arts buildings. (Photo by William M. Plate Jr.).

PRESIDENT'S PERSPECTIVE

'Wish List' Shows FAU's Growth Profile

By Frank T. Brogan '81
President

A look at the "wish list" that FAU will present to the Florida Legislature this month gives an indication of the rapid rate at which the University is growing and the many areas in which that growth is taking place.

From increased financial aid for our students to additional funding to support teaching and research, FAU is pursuing a path of planned growth in alignment with the four goals that have been adopted by both the statewide Board of Governors and our own Board of Trustees. This year, our budget will be driven by our strategic priorities and not vice versa; we have taken careful aim at the projects and initiatives that will do the most to help us achieve our most important goals.

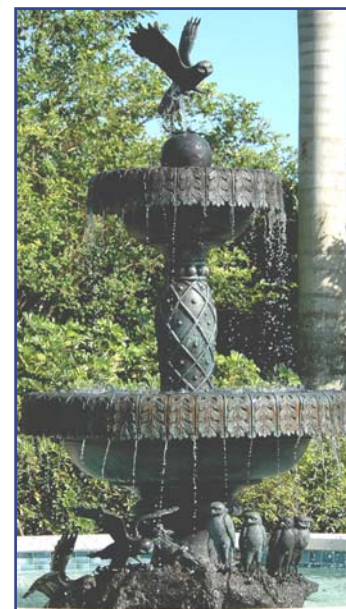

We feel confident that our state legislators and Governor Bush will appreciate this approach and reward it by providing the level of funding FAU needs to move forward. An investment in the future of FAU is an investment in the future of all of South Florida.

This life-size representation of the late Charles E. Schmidt, philanthropist and great friend of FAU, now graces the lobby of the Charles E. Schmidt Biomedical Science Center. The bronze statue was created by Seward Johnson.

Last month's Career Day brought together hundreds of students and potential employers in the gym on the Boca Raton campus. FAU's Career Development Centers have also implemented Interfase, a web-based system connecting students searching for employment and internships with employers and organizations looking for employees. Employers and prospective employees can visit www.fau.edu/cdc for more information.

A new addition to the grounds of the Eleanor R. Baldwin House, this 12-foot-high, Bill Klug-designed fountain featuring burrowing owls was a gift from the University Club.

SEEN@FAU

Anne and Louis Green cut the ribbon for the 15,000-square-foot, state-of-the-art memory and wellness center that bears their name. The Greens' \$1.5 million gift was matched by the State of Florida. The photo shows (from left to right) Dr. Anne Boykin, dean, Christine E. Lynn College of Nursing; Ann Paton, vice president, University Advancement; President Frank T. Brogan; Anne and Louis Green; Pat Thomas, president, Caring Hearts Auxiliary; Dr. Gary Strack, CEO, Boca Raton Community Hospital; and Dr. Ruth Tappen, director, Louis and Anne Green Memory and Wellness Center.

Commercial music faculty members (from left) Dr. James Cunningham, Scott Wynn, Dr. Tim Walters and Dorothy F. Schmidt Eminent Scholar in the Performing Arts Michael Zager attended the Hoot/Wisdom Recordings CD release party featuring "Synchrofunknicity" by The People

UpStairs and "Dream Chasers: North American Nightscapes" by Dr. Heather Coltman. Both CDs can be purchased through FAU's commercial music office at ext. 7-0600, at FAU School of the Arts events or anywhere the artists perform. For information, call ext. 7-0600 or visit www.fau.edu/hoot.
